New York State OASAS Training Provider

## The Training Program

The Alcoholism & Drug Abuse Council of Orange County has been a front-runner in training hundreds of CASACs and Prevention Professionals in the Mid-Hudson region for over 15 years. Our reputation speaks for itself.

If you think you have what it takes to help individuals and families recover from the devastating illness of addiction, then you have found the right place! We offer an extremely comprehensive program:

- 350 CASAC-required hours completed in 10 months
- Prevention Professional Curriculum
- Both curricula OASAS-approved
- Professional assistance with an individualized approach
- Professional internship supervision available for all students.
- Direct communication with OASAS Credentialing Office to help insure acceptance of your application
- On-going consultations for all students

## Benefit From Our Professional Team

Our instructors come from a wide variety of healthcare specialties and each one has worked in the field of addictions treatment. Benefit from their experience in many areas including:

- Family treatment
- Prevention education
- Drugs that impair
- Intervention techniques
- Special Populations & Cultural Competency: Women, children & teens, criminal justice clients, problem gambling, co-occurring disorders and others
- On going professional development
- DSM-5

## Financial Aid

The total cost of the training program is \$3,100.00, and includes all of your text books and supplies. The Internship Supervision program is an additional \$100.00. We do offer a payment plan per month and additional funding may be available through vocational rehabilitation and workforce development.

Call (845) 294-9000 today for more information on how to contact ACCES-VR or OCETA.

## Internships

Internships are available at many treatment locations throughout the Mid-Hudson region. Students eligible for internships will be provided a list of treatment facilities and documentation stating they have completed the 150 hours of education required prior to their independent internship arrangement. ADAC provides the additional opportunity for professional development and guidance through the Internship Supervision class that is available at the start of each student's internship experience.
